USER MANUAL

Fee Calculation Reference Manual

This manual provides the formulae and reference tables for calculating the NA Conversion Premium.

Formula:

Premium = (Total Area in sq.m) x (Ready Reckoner Rate per sq.m) x (Conversion Factor)

Conversion Factors:

- Residential: 15%
- Commercial: 40%
- Industrial: 20%
- Educational/Charitable: 15%

Note: An additional 10% surcharge is applicable for properties located within 500 meters of a National Highway.
